Translation and Innovation - WP5

ERICA Kick-off meeting

Prof. Ruth Ladenstein

St Anna Children's Cancer Research Institute

27.05.2021

ERICA has received funding from the European Union's Horizon 2020
research and innovation programme under grant agreement No 964908

4	Clinical Trial Support	7	IOR	41,5	1	48
5	Translation and Innovation	10	CCRI	27	1	48
6	Integration, Outreach & Dissemination	1	LUMC	64	1	48
Total				266		

Background

- WP lead by CCRI – together with EATRIS (European Infrastructure for Translational Medicine)
- Objectives
 1. **Capacity building:**
 - assisting the ERN community in understanding the process of translation,
 - as well a good overview of the organisations and resources available to them to perform effective translation;
 2. **Strategy forming:**
 - taking the ERN community beyond the state of the art in their ability to collaborate across sectors and borders;
 - and to identify future areas of innovative potential.

WP5 Tasks

- Task 5.1. **Mapping and cataloguing of current translational research services** and resources available to researchers
- Task 5.2 **Educational & best practice exchange workshops** to share with ERNs current support and services available for their translational research needs. Three workshops will be held with the specific focus on the basis of identified needs from within the ERNs
- Task 5.3 **Educational Webinars**: three educational webinars will be developed and broadcast, giving researchers an overview of the activities related to the subject, as well as the main service and support providers in the European community.
- Task 5.4 **Innovation expert working group**: an I-EWG will be established, composed of ERNs clinicians and researchers, as well as content experts. The I-EWG remit will be to define a roadmap for a 5-year strategic plan for ERN innovation capacity and sketch principles in the area of contracting, public-private collaboration and intellectual property.

Task 5.1: Mapping and cataloguing (EATRIS, CCRI) (M1-M12);

- **Output**: a searchable (online) database + traditional “old-fashioned” static catalogue

Task 5.2 Educational & best practice exchange workshops (Leader: CCRI; M7-45)

- **Output**: Three workshops planned clustering around major driving topics of ERNs

Task 5.3 Educational Webinars (Leader: CCRI; M10-M36)

- **Output:** three educational webinars will be developed and broadcast

Task 5.4 Innovation expert working group (CCRI/EATRIS) (M1-M48)

- **Output:** strategic plan for ERN innovation capacity

Deliverables

- **D5.1 Catalogue of services (M6)**
- **D5.2 Innovation roadmap and strategic plan-
(M12)**
- **D5.3 Innovation workshops report n=3
(M48)**
